

Brown's Karate Studio, Inc.

Promotion Information

Students, Parents, and Guardians:

As I recently said in the March '08 Newsletter referring to the 'Graduation Fee':

- Concerning our Graduation Fee or Belt Promotion(s): All Gup graduation fees ***are payable upfront***. You will receive your Certification and new Belt when Mr. Brown receives your payment of \$15.
- Our study, practice, and philosophy of martial arts espouses that each student be in class regularly, and works their hardest to achieve the needed requirements to move up to their next belt rank.

Due to our family schedules and work schedules, some of you are not on this promotion list, but you ARE scheduled for promotion in two months...if you work hard on your Forms and Self-Defense.

We are all here studying Martial Arts for different reasons: some for fun; some for physical fitness; some for the development of self-confidence, and some strictly for self-defense. We should all be prepared to encounter unpleasant situations that could happen at any time. We should all enlarge our COA (circle of awareness), so that we can avoid becoming a victim. If we continually practice our forms, sparring, and self-defense we will have the confidence to face the adversity of a tough, ugly situation, and have a better chance to deal with it effectively.

Yours in Martial Arts and Personal Protection Training,

Mr. Brown
