

SCRAPBOOK VIDEO

HOW IT WORKS...

- Gather your pictures and music and put the pictures in a certain order.
- Decide how many pictures you will need for each song. You can fit 12 pictures per 1 minute of music. (e.g. a 4 minute song needs 48 pictures)
- Number the back of your photos starting with "1" and ending on the last picture of the video.
- Write down a beginning and ending title graphic and place them before and after your pictures. (e.g. a graduation video typically has the child's full name and birth date at the beginning and a good luck message at the end)
- Use all of this information to fill out this order form. Keep everything together and place it in an envelope or box.
- Call or email us to set up an appointment to drop off the materials and discuss the video.
